THE BIGGEST BUDGET EVER

In April, incumbent Max Wolfley voted for the largest budget in state history. He has never voted against a general appropriations bill, **growing spending from \$7.8 billion to more than \$12.8 billion**, including giveaways such as \$48 million for higher-ed pay raises, **\$18 million for a pop culture museum** in Tulsa and the **"Cow food vending machine"** program. Visit RinehartForHouse.com for sourcing.

MORE FEES. MORE BURDEN.

Wolfley regularly votes to increase the costs on the people: a **66% 911 cell phone fee hike**, new property tax districts for colleges, a new EV charging tax, new county sales tax authority, **numerous fee hikes on small businesses**, court filings, mortgages, and even cremation permits.

Not reform. Just more spending.

They're not cutting government — they're **charging you more.**
